

Year 3 Homework Summer 1 Term 1

Can you be an Independent Enquirer?

You could:

Ensure Mathletics/Spag.com is completely up to date for all your activities. Use Spelling Shed and TT Rockstars to practise.

Read about a topic of Ancient Maya, make notes and then produce a poster/information sheet attractive to other children.

Can you be a Team Worker?

You could:

Design an Eco friendly idea for our school to follow.

Invent your own ball game - write down the rules and an explanation of how to play.

Help to tidy an outside space to prepare it for the summer time. E.g make a bug house.

Can you be a Reflective Learner?

You could:

Practise some of the calculations you got wrong on Mathletics or Times Tables Rockstars in your homework book.

Choose an area of learning to target and complete extra work based on this area. Meet any difficulties head on 😊

Main Activities:

Please read at least once a day at home and record your progress in your reading record book.

Practise your times tables on Mathletics – your teacher has set some activities for you.

Practise your spellings for our spelling tests on Fridays using Spelling Shed.

Optional Activity:

You could add an entry in your homework book to show us how you have demonstrated one of our Effective Characteristics of Learning.

You could choose one of the activities on this sheet or one of your own.

You can complete as many as you like throughout the term.

Can you be an Effective Participant?

You could:

Create and make your own ancient Maya headdress.

Use Google explorer to visit one of the Ancient Maya sites and share what you learn about the site.

Make a poster to explain pollination.

Can you be a Self Manager?

You could:

Visit somewhere to extend your learning - a library, art gallery or museum or animal sanctuary.

Complete an activity to increase your mental well-being - share what you did.

Can you be a Resourceful Thinker?

You could:

Create an Ancient Maya class decoration.

Recycle something in your house so it can be used again rather than thrown away.

Create a glossary of Ancient Maya vocabulary.
